Printing tips:

🇬🇧 We recommend printing on non-adhesive lightproof foil. Mount the panel with a vertical stripe of velcro tape in both sides, so that it easily can be loosened/changed/rolled. By printing on self-adhesive foil, the vertical lines on the panel will be visible after mounting the print!

🇩🇪 Wir empfehlen einen Druck auf einer nicht-klebenden lichtdichten Plane. Diese wird mit vertikalen Klettband an beiden Enden des Paneels befestigt - damit es leicht gelöst/gewechselt/zusammen gerollt werden kann. Bei Druck auf selbstklebender Folie, können die vertikale Streifen vom Panel nach der Montage sichtbar sein!

🇩🇰 Vi anbefaler at printe på ikke-klæbende lystæt folie. Dette fastgøres med en lodret stribe velcro-tape i begge ender af panelet, således at det let kan løsnes/skiftes/rulles sammen. Ved print på selvklæbende folie, vil de lodrette linier i panelet kunne ses efter monterning!
